### Birth of a New Tradition

As Christmas approaches, the giant overseas factories are kicking into high gear to provide Canadians with cheaply produced goods that have been produced at the expense of Canadian jobs. This year will be different. This year Canadians will give the gift of genuine concern for other Canadians. There is no longer an excuse that nothing can be found that is produced by Canadian hands. Yes there is!

Who says a gift needs to fit in a shirt box, wrapped in foreign produced wrapping paper? Who wouldn't appreciate getting their car detailed? There are owner-run restaurants -- all offering gift cards. Musicians need love too -- find a venue showcasing local talent.

Remember, this isn't about big National chains -- it is about supporting home town Canadians to keep their doors open:

- Local Restaurant Gift Cards
- Car Detailing Gift Certificates
- Gym Membership
- Oil Change Gift Cards
- A Cleaning Lady for a day
- Snow Removal Services
- Local Crafts
- Hair Salon or Barber Gift Cards
- Computer Tune-up
- Local Theatre Productions
- Golf Course Gift Certificates
- Paint Ball Gift Certificates

Do you REALLY need to buy ten thousand foreign made outdoor lights to decorate your house or could you leave the mailperson, garbage collector, or your server a nice BIG tip.

Plan your holiday outings at local, owner operated restaurants then go to a play at the local theatre.

Christmas is about caring about Canadians and encouraging Canadian small businesses to keep plugging away to follow their dreams. Show we care about our communities and the benefits come back to us in ways we couldn't imagine.

Have a blessed holiday supporting Canadian working people and businesses.
